

Heating Units

- all units, including 4 & 6 pack versions, are **insulated**
- insulation prevents unit exterior from becoming too hot and causing burns
- heats moist heat packs in a water bath up to 170° F - use at 160° F for best results
- on/off switch illuminates green when unit is on
- heating light glows orange when unit is warming to desired temperature
- available with either 110V or 220V
- comes with removable plug set
- made from durable stainless steel for use in high-traffic clinics
